

Z22
HANDHELD

Small wonder.

Your planner, journal and calendar all in one little place.

The Palm® Z22 organizer was designed by the makers of the original Palm Pilot specifically for people who haven't seen what a handheld organizer can do. Everything is super simple—a touch of a button brings up your appointments, addresses, and more. The Palm Z22 organizer also comes with a three-step set-up guide and easy tutorials on how to use it.

Quick Facts

- Organizes appointments, contacts, to-do's
- Simple, easy to use
- Bright, colorful screen
- Keeps information safe¹
- Compact and lightweight
- Holds hundreds of photos²
- 32MB memory³

Top things to love.

We gave our friend Laura a Palm® Z22 organizer, and she loved it. This is a list of her favorite things. What'll yours be?

1 Everyone's number and address is with me all the time. From my boss to my daughter's soccer coach.

2 Checking off items on my to-do list feels really good.

3 Color-coded categories. The best. Green for work stuff, pink for play stuff, yellow for kid stuff.

4 Seeing a photo of my daughters' smiling faces anytime.

5 The Find feature thingy! You enter in a name or a topic and then instantly see where it appears: Calendar, Memos, and more.

6 Playing games. (Okay, I admit it!)

7 With one tap everything is synchronized between my organizer and my computer. I always have a back-up copy!

8 Never forgetting birthdays anymore! I enter it in once, tap "repeat," and it remembers it for next year. An alarm even tells me when to pick up a gift.

¹ Requires compatible computer and installation of included synchronization software. Included desktop software lets you sync your handheld with your computer and keep a backup copy.

² Photos optimized for your handheld during synchronization using included photo desktop software.

³ 20MB actual storage capacity.

Z22
HANDHELD
